We expect that interested communities could serve a significant number of children. **How many children does your community expect to serve through the MDG initiative?**
*Character Limit: 4*
We expect that interested communities will need to work with community and ECCE partners to leverage and integrate other funding to cover costs of ECCE services, such as child care subsidy, VPI, Head Start, etc. **How will your community identify and integrate additional funding?**

*Character Limit: 500*

We encourage communities to start serving children by September 2020. If you don’t expect to be able to place children in all proposed slots by September 2020, please explain why:
